

TALL FESCUE

89
PPG-TF-151

TURF

Wichita
Tall Fescue

Strong start, strong turf!

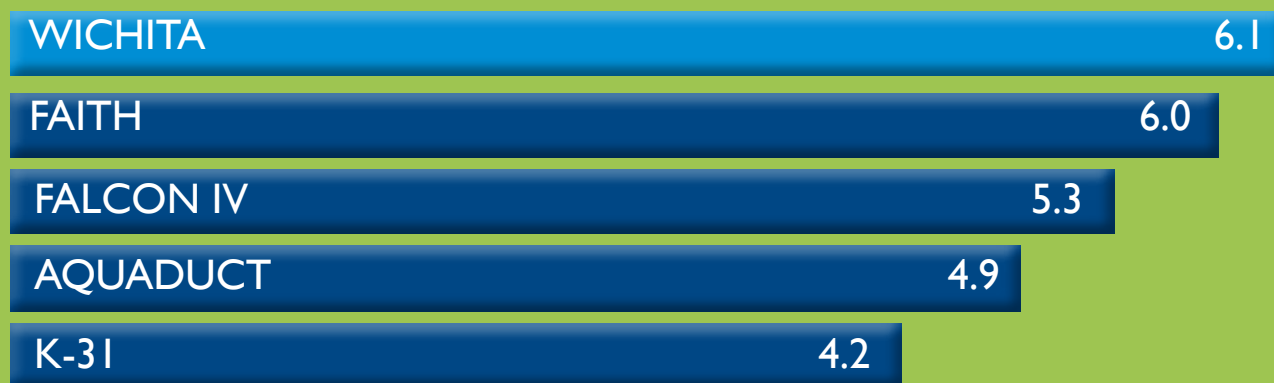

WICHITA Tall Fescue is the choice for a premium turf grass lawn. Whether you keep it by itself or blend it with other Tall Fescues or Kentucky Bluegrass, this turf will make you click your heels together. Its dark green color, along with its year-round dense growth habits have helped to be a top performer in the transition zone.

- Great fall color for lasting results in winter
- Top NTEP performer in the southeast region
- Slow growth rate means reduced mowings
- Great resistance to brown patch
